DETAILED ACTION

1. Applicant's election of Group I, claims 1-16 in the reply filed on 11/2/05 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)). Thus, Claims 17-22 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected Invention II, there being no allowable generic or linking claim. Election was made **without** traverse dated 11/2/05.

An action on the merits of claims 1-16 as follows.

2. This application is in condition for allowance except for the following formal matters:

In the specification:

A new title is required that is clearly indicative of the system invention to which the claims are directed.

In the claims:

Non-elected claims 17-22 should have been cancelled.

* Further, Applicants' cooperation is requested in correcting any errors of which applicant may become aware in the claims or specification.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

Art Unit: 3729

A shortened statutory period for reply to this action is set to expire TWO MONTHS from the mailing date of this letter.

REASONS FOR ALLOWANCE

3. The following is a statement of reasons for the indication of allowable subject matter: That the prior art as a whole fails to teach or fairly suggest the claimed system invention set forth in each of the independent claims 1 and 11. For example, the feature limitation of: a light array coupled to the computer and connectable to the connector, the light array having a plurality of light conductors for illuminating individual ones of the apertures in the connector in response to commands from the computer in order to designate to the user the aperture which each conductor should be located as recited in claim 1, and further similar to the above feature found in claim 11 is not taught or suggested by the prior art references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
